INTERVIEW SUMMARY

On August 2, 2005, Examiner Steelman contacted the undersigned to discuss the above-identified application. Applicant's February 22, 1999 priority date and its relevance to the content of prior art was discussed. Each of the independent claims was briefly reviewed and Examiner suggested that inclusion, in the independent claims, of additional limitations related to VLIW embodiments might result in allowance. Applicant maintained that claims were allowable with or without any such additional limitations. Examiner Steelman suggested a minor clarification to claim 42, which Applicant indicated would be acceptable. No specific prior art was discussed and no agreement was reached.
